Kurnool, Andhra Pradesh | +91-9182977545 | ishwaryaaddk@gmail.com [linkedin.com/in/addanki-ishwarya](https://www.linkedin.com/in/addanki-ishwarya) | github.com/addanki-ishwarya

CAREER OBJECTIVE

Motivated Computer Science undergraduate (B.Tech, 2023–2027) with a strong foundation in Data Structures & Algorithms, full-stack web development, and database management. Proficient in building end-to-end applications using React.js, Node.js, Express.js, and MySQL, with a collaborative approach to Agile software delivery. Passionate about Artificial Intelligence and Machine Learning, backed by industry certifications in AWS Data & ML and LLM for Developers. Seeking an entry-level Software Engineer role to apply technical expertise, contribute to cross-functional product teams, and grow through real-world engineering challenges.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python, JavaScript
- **Frontend Technologies:** HTML5, CSS3, React.js
- **Backend Technologies:** Node.js, Express.js, REST API Development
- **Database:** MySQL, Database Design & Optimization
- **Core Computer Science:** Data Structures & Algorithms, OOP, DBMS, Problem-Solving
- **Collaboration & Tools:** Git, GitHub, Version Control, Code Reviews, Agile Development, SDLC

EDUCATION

B.Tech – Computer Science & Engineering	2023 – 2027 (Expected)
Ashoka Women's Engineering College, Kurnool Percentage: 89%	
Intermediate (Class XI–XII) – BIEAP	2021 – 2023
AP Model School, Govt. Jr. College Percentage: 95%	
SSC (Class X) – BSEAP	2020
AP Model School, Govt. Jr. College Percentage: 99%	

PROJECTS

Complaint Management System	React.js Node.js MySQL REST API
• Collaborated with a 3-member Agile team to design, develop, and deliver a full-stack complaint tracking web application from requirements gathering to deployment. • Architected normalized RESTful APIs using Node.js and Express.js to resolve data-consistency issues, integrating with MySQL for reliable persistent storage and transactional integrity. • Designed and built an interactive React.js frontend featuring real-time complaint status tracking, role-based access control (admin/user views), and a responsive UI that improved overall user workflow efficiency. • Identified and resolved slow query performance bottlenecks by implementing indexed and optimized SQL queries, achieving significant reduction in average data retrieval time. • Conducted peer code reviews and maintained clean, modular code structure following SDLC best practices throughout the project lifecycle.	
Library Management System	Python MySQL OOP
• Analyzed existing data redundancy issues and redesigned the database schema using normalization techniques (1NF–3NF), ensuring data integrity and eliminating duplication across book and user records. • Implemented full CRUD functionality for book inventory management, member registration, and borrowing/return workflows using Python and MySQL. • Applied Object-Oriented Programming principles to build modular, reusable classes for Books, Members, and Transactions, making the codebase maintainable and extensible. • Collaborated with peers in structured code review sessions, incorporating feedback to improve code readability, error handling, and overall system reliability.	

CERTIFICATIONS

- AWS Data & Machine Learning – Amazon Web Services
- Data Analytics Virtual Internship – Deloitte (Forage)
- LLM for Developers – NASSCOM
- Smart Interview DSA Certification – Smart Interview

SOFT SKILLS

Analytical Problem-Solving | Cross-functional Collaboration | Communication | Teamwork | Attention to Detail | Time Management | Adaptability

LANGUAGES KNOWN

- Telugu – Native Proficiency
- English – Professional Working Proficiency

ACHIEVEMENTS

- Achieved 99% in SSC (Class X) and 95% in Intermediate from AP Model School, reflecting consistent academic excellence throughout schooling.
- Maintaining 89% in B.Tech Computer Science & Engineering at Ashoka Women's Engineering College, consistently ranking among top performers.
- Earned AWS Data & Machine Learning certification, demonstrating initiative in self-directed learning beyond the academic curriculum.
- Completed Deloitte Data Analytics Virtual Internship (Forage), gaining hands-on exposure to industry-standard data analysis workflows and business problem-solving.

EXTRACURRICULAR ACTIVITIES

- Actively participated in college-level coding competitions and hackathons, applying DSA and problem-solving skills under competitive conditions.
- Engaged in structured peer code review sessions and collaborative team projects, strengthening communication skills and Agile development practices.
- Pursued self-learning in AI/ML and Large Language Model technologies through NASSCOM's LLM for Developers programme, staying current with emerging technology trends.

DECLARATION

I hereby declare that all the information provided above is true and correct to the best of my knowledge and belief. I take full responsibility for the accuracy of the details mentioned in this resume.
